

ANNEX B

| BALLAST WATER REPORTING FORM | | | | | | | | | | | | | | | |
|---|-------------------------|---------------------|----------------|---------------------|----------|------------------------|-------------------------|--|------------------|-----------------------|----------------------|-------------------------|---------------------|----------------|----------|
| 1 - Ship Information | | | | | | | | | | | | | | | |
| Vessel Name: Tramo Independent | | | | | | | | Arrival Port: Rio Grande, Brazil | | | | | | | |
| IMO Number / Call Sign: 9762895 / D5IZ5 | | | | | | | | Arrival Date at the Port: 07.06.2023 | | | | | | | |
| Flag: Liberia | | | | | | | | Previous Port and Country: Bahia Blanca, Argentina | | | | | | | |
| Type of Vessel / Gross Tonnage: Bulk Carrier / 25 611 T | | | | | | | | Next Port and Country: Rio Grande, Brazil | | | | | | | |
| Owner: Green Dolphin III Navigation Ltd. | | | | | | | | Agent: SULTRADE Shipping Agency | | | | | | | |
| 2 - Information on Ballast Water Tanks | | | | | | | | | | | | | | | |
| Total n° of ballast water tanks on board: 20 | | | | | | | | Total ballast water capacity (m³): 16758.2 m3 | | | | | | | |
| N° of tanks in ballast: 5 | | | | | | | | Total ballast water on board (m³): 4025 | | | | | | | |
| N° of tanks to be discharged: 0 | | | | | | | | Total ballast water to be discharged (m³): 0 | | | | | | | |
| 3 - Information on Ballast Water Management | | | | | | | | | | | | | | | |
| Which ballast water management system was used / implemented? () BWE (X) BWMS Qingdao Headway Technology () Reception Facility () other – specify: | | | | | | | | Are the Ballast Water Management Plan (BWMP) / Record Book (BWRB) and International Certificate on Ballast water Management (IBWMC) on board? Are they valid? (X) YES () NO () Partially | | | | | | | |
| 4 - Information on Ballast Water Treatment System (BWTS) | | | | | | | | | | | | | | | |
| Commercial name / manufacturer: OCEAN GUARD BWMS / Qingdao Headway Technology | | | | | | | | System installation date: 11/01/2016 | | | | | | | |
| Type-approval Certificate Issuing Authority: DNV | | | | | | | | IBWMC Expiration date: 11/01/2026 | | | | | | | |
| 5 - Information on Ballast Water Exchange (BWE) | | | | | | | | | | | | | | | |
| Ballast tanks (list multiple sources/tanks separately) | Ballast Water source(s) | | | | | Ballast Water exchange | | | | | | Ballast Water discharge | | | |
| | Date dd/mm/yy | Port or Lat/Long | Volume (m³) | Temperature (°C) | Salinity | Date dd/mm/yy | Lat/Long (End point) | Volume (m³) | % of exchange | Local depth (m) | BWE method (*) | Date dd/mm/aa | Port or Lat/Long | Volume (m³) | Salinity |
| FP | 02.06.2023 | Bahia Blanca | 425 | 20 | 1.026 | | | | | | | | | | |
| 2WT/P | 19.05.2023 | Rio Grande | 900 | 20 | 1.006 | | | | | | | | | | |
| 2WT/S | 19.05.2023 | Rio Grande | 900 | 20 | 1.006 | | | | | | | | | | |

| | | | | | | | | | | | | | | |
|---|------------|------------|-----|----|-------|--|--|--|--|--|--|--|--|--|
| 4WT/P | 20.05.2023 | Rio Grande | 900 | 20 | 1.006 | | | | | | | | | |
| 4WT/S | 20.05.2023 | Rio Grande | 900 | 20 | 1.006 | | | | | | | | | |
| BW Tanks Codes: Forepeak = FP / Aftpeak = AP / Double Bottom = DB / Wing = WT / Top Side = TS / Cargo Hold = CH / Others – O (*) BW Method: Dilution (1) / Flow-through (2) / Sequential (3) | | | | | | | | | | | | | | |
