Please note that courier shipments containing publications, stationery, and similar items may be subject to import taxes imposed by Brazilian Customs. Depending on the courier's terms and conditions, these taxes are typically payable by the consignee, and goods are not released until payment is confirmed, potentially causing delivery delays to the vessel.

It is important to highlight that couriers are not authorized to handle "transit cargo" arriving in Brazil. They are permitted to transport only printed materials, such as documents, books, manuals, and publications—without incurring import duties. For all other items, such as samples (including peripherals like flash drives, pen drives, or DVDs), import duties will apply. Depending on the nature of the goods, Customs may even seize them.

If you need to send other types of goods to vessels in Brazil—such as electronics or spare parts, please do not use courier services. These items must be shipped via air freight only to avoid issues with Brazilian Customs. Should you need assistance, please let us know in advance when spare parts or other materials are to be dispatched, and we will provide the appropriate shipping instructions.

For your guidance, the vessel has not yet been announced at Santos Port. If the Master already has the Charterers' agent contact details, kindly share them with us so we may initiate prospecting.

Thank you and best regards.
