Dear Capt. Breno Paz, Good day!

As per our phone conversation, Customs Authority has authorized your boarding access at anchorage, although SPA (Santos Port Authority) has refused your port permission as you are still registered at system as representative of the company "Saga Welco Rio".

Now, we understand that "Saga Welco Rio" will be sending a request to SPA (Santos Port Authority) through the email isps.suporte@portodesantos.gov.br, asking them to cancel your registry at

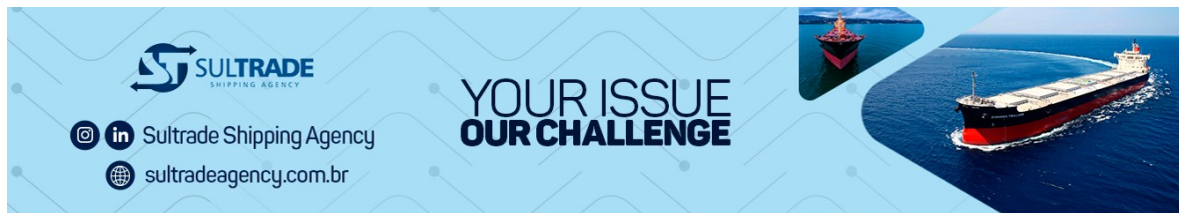

system in their company, so that your authorization as representative of "OLDENDORFF" may be granted.

Awaiting yours, in order to complete your clearance with SPA (Santos Port Authority) asap.

Best Regards,

Dear Capt. Breno Paz, Good day!

Considering that you don't have ISPS Code of Santos port and as we've already informed you, pls be informed we've submitted a request for your eventual access/permission.

Unfortunately, please note that this eventual permission to access vessel has not yet been granted, and most probably it will not be granted in time for this mentioned inspection today.

Based on above, please inform whether there is any other person (who has ISPS Code) that may board vessel/follow up such inspection instead of you. Otherwise, we understand that your

port permission will not be granted in time of this inspection today.

Best regards,

Débora F. Miguel
