**Assunto:** MV UNITY SAKURA - service for JRC radar at Ponta Ubu  
**Anexos:** IMG20251017075232.jpg

Dear Gilvan Gomes  
Good day

I need Sultrade assistance .

Unity Sakura has problem with X band Radar (JRC , model - JMR-9225-6X) . JRC Brazil has performed some service in Tubarao , but the attending technician did not have the spare in him.

What needs to be changed is CBD-1682A Scanner power supply.

We received confirmation fm JRC Brazil that the spare is available, and they can deliver it (hope with your support at Ponta Ubu).

I am not very happy with JRC Brazil service and I would like to have an alternative company to attend at Ponta Ubu and install the spare. **Can you assist me in sourcing out alternative service for Ponta Ubu?**

Thanks  
brgds
