We are pleased to appoint you as Own Agents as to attend the assigned matters as per PDA, trusting that you will efficiently attend our vessel at all times and in the best way to protect of Owners / Manager rights. Master will keep you informed with vessel updated ETA.

Kindly take note of the following info & requirements:

### 1. PDA REMITANCE & FDA TERMS

We will remit on account d/as the 80%-90% of your proforma and upon completion of the port call, please send to our office the final d/as invoice(s) along with all supporting documents / vouchers for the actual expenses incurred enabling us to finalize the account.

Kindly take note of the below terms & conditions apply on the FDAs, enabling us to achieve a smooth settlement process:

- All FDAs shall always be accompanied with a full set of applicable and relevant vouchers or invoices matching up with the final amount of FDA; if such supporting documents are not provided, delays or non-payment may occur.  
"Applicable and relevant" vouchers or invoices are defined as official invoices produced by third parties that actually provided the service(s). A printout from a port agent listing different expenses, does NOT constitute an applicable and relevant voucher supporting these expenses.
- Original vouchers / invoices are not prerequisites; our Company will accept hard or electronic copies of vouchers.
- Debit notes are not accepted, except in a very rare case that is absolute necessity; such will only be accepted if you notify us in details and well in advance of the reason(s) to do so and only if you receive responsive e-mail from our end that clearly states our agreement to proceed. Again, same procedure to FDAs will apply regarding full set of respective vouchers / invoices in way of all are matching up with the final amount.

In case vouchers lack of Master's verification as described above, will not be accepted.
- Any invoice related with forwarding expenses (such as airfreight spares, etc.) it is required to be accompanied with all supportive vouchers showing the sub-breakdown of the expenses, e.g. voucher for custom clearance, voucher for transportation, etc., for the total amount; invoice alone will not be accepted in the FDAs.
- Port charges for tugs, pilots, mooring, port dues, berth dues, light dues, anchorage dues, tonnage dues, etc. are not for Owners account and all port call charges are undertaken from

Charterers appointed Agents.

- Please ensure that your final port d/a account is in the same local currency as the proforma d/a. If both local and usd/euro currencies used in the proforma d/a, then the same are to be used in final port d/a account. Any exchange rate in pda will be taken only as a reference and will not be considered as agreed or fixed, whatsoever for the FDAs; The exchange rate stated in FDAs shall be taken at the issue date of the FDAs and must be supported by official bank's statement for the given date in order to be accepted.
