Dear Capt. Michalis, good day.

It is a pleasure to receive your appointment. Thank you very much for once again trusting Sultrade's services.

Please be informed that the vessel has not yet been announced on the Bianchini line-up yet. Charterers' agents, Messrs. Waypoint, have advised that they received the appointment only a few hours ago.

For the time being, please find attached the general Rio Grande port information for your reference. As soon as terminal confirmation is received, we will revert with accurate and updated details.

Please note the following preliminary information:

- **Fresh water availability and cost:**
Fresh water is available at a cost of USD 19 per MT. Please also consider approximately USD 95 for port clearances. Supply is by barge.
- **Garbage services:**
Garbage removal is not compulsory and is provided upon the Master's request. The garbage contractor charges USD 140 per MT; however, removal may be free of charge if the quantity exceeds 10 CBM. Kindly advise the estimated quantity so we may confirm the applicable costs.
- **Sludge and bilge/oily water removal:**
Sludge removal may be free of charge if the quantity exceeds 10 MT. Kindly inform the estimated quantity for confirmation.

- **Draft / air draft restrictions and water density:**

Please refer to the attached port information with Bianchini terminal details. Water density should be considered between 1.000 and 1.015, depending on current conditions.

- **Berthing and completion prospects:**

As the vessel has not yet been announced on Bianchini line-up yet, berthing prospects are still subject to confirmation.

- **ISPS information:**

Please find attached the IMO GISIS data for Bianchini terminal, including confirmation of approved Port Facility Security Assessments (PFSA) and contact details of the Port Facility Security Officers (PFSO), for the Master's reference.

Regarding Underwater cleaning, there is no possibility of general cleaning of the hull, only cleaning of the sea chest, propeller, rudder and propeller polishing. All activities mentioned above can be carried out with a ship at the Pier, in operation. Due Customs authorization is not possible to perform the operation at outer anchorage.

We remain at your disposal and will keep you duly updated as further information becomes available.

Best regards,

Pedro Martins
