Dear Ms. Katerina Kontoleon
Good day!

Yours duly noted.

In order to proceed with the garbage disposal free of charge, we must also remove the sludge with same companie, so in view of that, lets proceed with all arrangements for Paranagua call.

Please note that gargabe and sluge will be free of charge.

Attached costs for bilge removal.

Don't hesitate to contact our team for any further assistance.

Dear Ms. Katerina Kontoleon and all.

Very good day !!!

In addition to our previous messages and complying with your below request, please find here attached the PDA for those below mentioned services.

Kindly also note our below important remarks to be considered for those services attendance:

GARBAGE DISPOSAL

- For FOOD WASTE disposal, if any, an additional special transportation cost of USD 150.00 must be considered.
- The minimum quantity charged is 350 kgs equivalent to USD 350.00
- As per Port Rules in force, all garbage landed here has the weight gauged thru official shore scales. The truck attending the service has its weight gauges prior and after the garbage landed as the Port Utilization Tax, charged by Port Administration, is calculated based on the total garbage weight landed and consequently the cost of garbage disposal is also calculated basis on the total weight gauged ashore.

SLUDGE DISPOSAL

- The minimum quantity to be attended is 15 CBM.

BILGE WATER DISPOSAL

- The minimum quantity charged is 20 CBM.

Very important:

- For SLUDGE with water contamination below 60% the disposal is offered FREE OF CHARGE. The sludge quality is checked/tested in order to determine if FREE OF CHARGE condition will be observed.

In case of any doubt, please free free to contact us any time. Many thanks.

B.Rgds
