Dear Sirs,

We are Fafalios Shipping of Piraeus.

Mr. Vinicious Fernandes visited our office in October to introduce your Company's profile, and we would be pleased to cooperate during our vessel's upcoming call at your ports.

RE: MV NEA ELPIS // COMERGE SHIPPING CO., LIMITED - CP DATED 14TH JAN 20246- LOADED WITH BULK FERTILIZER FROM CHINA TO ARATU AND RIO GRANDE, BRAZIL - OPA APPOINTMENT

The above vessel is on period T/C to Messrs "COMERGE SHIPPING CO., LIMITED " having loaded 60,384 mt Fertilizer in Bulk from Longkou and Fangcheng, China, sailed from Singapore on 08.02.2026, after completing bunkering operation, and is presently en route to her first discharge port, Aratu, Brazil, where she will discharge 22,934 MT. The remaining 37,450 MT will be discharged at Rio Grande.

Master advises ETA Aratu on 09.03.2026 and will keep you updated with daily ETA reports.

Owners request that you act as their Protecting Agent during the vessel's discharge operations at both Aratu and Rio Grande.

Kindly proceed in the usual manner, assisting the Master whenever required and keeping both our offices informed of the vessel's prospects and progress.

Charterers' agents contact details, from whom you may obtain further information, as follows :

Comerge (Charterers) Agents at both ports: ALPHAMAR AGENCIA MARITIMA

Cargo Charterers Agents at both ports: Wilson Sons

Known Requirements until now:

Owners would like you to appoint our usual surveyor, Messrs. "Consunav", for the following cargo jobs in Rio Grande only, not required at Aratu:

- Initial/Final Draft Survey to establish exact quantity discharged
- Cargo monitoring throughout discharge period (random attendance to minimize surveyor's fees) for condition and for any spillages etc. and to assist Master as required

Please revert with their quotation on lump sum basis.
