Dear Ms. Silia, good day!

Further to our last, pls find attached a PDA covering 03on x 03off crew change ops and husbandry matters at Barcarena port.

Below are relevant instructions for your reference:

Travelling document recognized by Brazil is only the Passports (**which must be valid for at least 6 more months of the traveler's first entry to Brazil**). SBooks and SIDs are only good to prove a seafarer/s working condition, and that he is either entering or departing the country in connection to a vessel, at a certain port.

1.Crew from signatory countries of ILO C-185 that maintain agreements with Brazil for VISA exemption (case of BOSNIA, CROATIA, FRANCE, GEORGIA, HUNGARY, MOLDOVA, MONTENEGRO, SPAIN, THE PHILIPPINES, amongst others), will be required Passport and the SID to access the country (for a period of 180 days). In case these Nationals are not in possession of SID, the SBook will be required and only a 90 days stay will be granted.

2.Crew from signatory countries of ILO C-185 that DO NOT maintain agreements with Brazil for VISA exemption (case of INDIA, JORDAN, IRAK, MYANMAR, PAKISTAN, SRI LANKA amongst other), will be required Passport and mandatorily the SID to access the country (for a period of 90 days). For these Nationals, the absence of SID will oblige them into requesting Consular VISA for being admitted into Brazil.

3. Crew from signatory countries of ILO C-108 that maintain agreements with Brazil for VISA exemption (case of BULGARY, DENMARK, ESTONIA, FINLAND, GREECE, IRELAND, ITALY, LITHUANIA, PORTUGAL, UKRAINE, UK, ROMANIA, CZECH REPUBLIC, amongst others), will be required Passport and the SBook to access the country (for a period of 90 days).

4. Crew from signatory countries of ILO C-108 that DO NOT maintain agreements with Brazil for VISA exemption (case of ANGOLA, ALGERIA, CUBA, IRAN, LIBERIA amongst other), will be required to have Consular visitor/s VISA (VIVIS VISA) on their Passport and the valid SBook to access the country (for a period of 90 days), failing which their entry to the country will be denied.

5. Crew from countries that have not signed any of ILO Conventions, and whose countries have no agreement in place with Brazil for exemption of VISA/s (cases of AFGHANISTAN, BAHRAIN, CAMBODIA, CHINA, EGYPT, ETHIOPIA, KUWAIT, LAOS, LEBANON, LYBIA, MOZAMBIQUE, SYRIA, SOMALIA, VIETNAM amongst others) will not be granted entry to the country unless if a Consular Visitor/s VISA (Type VIVIS VISA) is stamped to their Passports, and a valid SBook be in hands.

6. Crew from countries that have not signed any of ILO Conventions, and whose countries maintain VISA Exemption Agreements in force with Brazil, will be admitted in accordance to their Passports prerogatives (cases of USA, SOUTH AFRICA, GERMANY, ARGENTINA, AUSTRALIA, AUSTRIA, BELGIUM, CHILE, HONG KONG, HOLLAND, PERU, SINGAPORE amongst other countries).

Kindly see below requested documents to embark/disembark at **Barcarena** port:

**EMBARKING:**

- Copy of Passport;
- Copy of SID;
- Copy of SBook;
- Flight e-ticket.

**DISEMBARKING:**

- Copy of Passport;
- Copy of SID;
- Copy of SBook;
- Flight e-ticket.

**BARCARENA NEAREST AIRPORT - BELEM INTERNACIONAL AIRPORT (IATA CODE: BEL) - about 2 hours by road from Barcarena, subject to the traffic.**

**REMARKS:**

- For on signers' flight arrangements, we strongly suggest scheduling **flights with a minimum layover of at least three hours between international and domestic flights**. This allows enough time for Immigration procedures and helps prevent any issues upon arrival in Brazil.

- Kindly note that the access to the most terminals in Barcarena is only possible by boat. The launch boat cost is BRL 800,00 one way (approx. USD 160.00 – subject to the vessel's berthing/anchorage location).

- Vessel's clearance must be granted by charterer agent in advance of any crew change.

- Embarkation/disembarkation at outer anchorage (Mosqueiro/Baia de Marajo) is permitted only during daylight hours. Launch boat can only proceed to Mosqueiro anchorage during AM hours (usually it departs at 05:00hrs am with navigation time about 2.5 hours up to Mosqueiro anchorage area), and the latest safe return time being around noon. After this time, navigation conditions are not considered safe. Additionally, this operation remains subject to safe navigation conditions, including currents and weather, on the day of the service, as we're currently in the rainfall season.

It's important to highlight that each Brazilian port has its own interpretation on the Health Authority rules in force, meaning that all above instructions can be changed anytime without any pre advise. Sultrade is aware to keep you posted immediately in case of any further changes on the above instructions.

In addition to the above, pls also see below vessel's prospects as per terminal lineup for your reference.

**BERTHING PROSPECTS:**

TERMINAL/BERTH : HBSA  
OPS/CARGO : LOAD/ABT 65,683.000 MT OF SBS
