Dear Ms. Maria,
Good day!

Please be informed that, based on the flights advised, it will be necessary to request a special clearance, subject to Immigration authorities' analysis, in order to embark the crew upon arrival at Rio Grande, expected on 23 February at around 2300 hrs. The vessel's ETC/S is 24 February (EAM). Therefore, if approved, the crew handover will be limited to only a few hours.

Additionally, we would like to emphasize that crew changes are normally carried out during Immigration working hours (0700-1900 hrs), and the vessel's current schedule is very tight for this operation.

Kindly advise how you wish to proceed. If confirmed, please revert with the crew members' documents (passport copies and SID).

Best regards,

Pedro Martins
