Anexos: P212--2026H1-非統購-安全.xlsx

Dear all,
Our vessel, Cemtex Honor, is scheduled to berth at Trombetas, Brazil around 23 May 2026.
We require your support to quote for the items in the attached list on an FOB basis. Please note that we will have two separate packages (one from Taiwan and one from China) that need to be consolidated.
We require you to handle the customs clearance for both packages and arrange for them to be delivered to the vessel together as a single shipment.
Please ensure your quotation includes:

1. Unit prices for all items.
2. Customs clearance charges (for both origins).
3. Combined transportation and delivery-to-vessel fees.

We look forward to your prompt proposal.

Best regards

Jodie Yang
