Dear Ms. Foteini, good day.

Further to ours below, please note that on local regulation (NPCP attached) chapter 3, pages 25/26, where it refers to ***Navigation equipments and publications (3.2. item b) and Radio Communication equipments (3.3. item b)*** for merchant vessels, it refers only to Radar band "S" and Band "X", mentioning that both must be operative and in accordance with rule 19 of SOLAS chapter V. There is no clear mention to Radar connection with AIS.

Please find hereunder highlighted in yellow for your easy reference:

QUOTE

b) Navios Mercantes:

EQUIPAMENTO/ PUBLICAÇÃO	DOTAÇÃO/OPERAÇÃO	OBS
Ecobatímetro	- Pelo menos um operando.	
Radar	- Dois operando (Cap. V, regra 19 SOLAS) (Banda "S" e "X")	- Em caso de avaria em viagem, já dentro da jurisdição, poderá ser empregado um até o porto mais próximo, ao longo da derrota, onde haja condições de se realizar o reparo. - Não será permitido ao navio adentrar o rio Amazonas, a partir do fundeadouro da Fazendinha, sem que os dois radares (Bandas "S" e "X") estejam devidamente operacionais.
Cartas náuticas e croquis da DHN	- Nacionais e relativas às áreas de operação da embarcação.	- O navio só poderá navegar com cartas náuticas atualizadas.
Agulha Giroscópica	- Pelo menos uma operando	- Em caso de avaria durante o dia, poderá ser usada a agulha magnética até a atracação do navio.
Agulha Magnética	- Pelo menos uma com certificado de compensação válido.	- Será usada durante o dia em caso de avaria da agulha giroscópica.
Luzes de navegação	- Todas operando	- Não será permitido ao navio navegar em águas interiores com luz de navegação inoperante.
Ferros	- Dois operando	Em caso de necessidade onde um dos ferros ou aparelho de fundeio esteja inoperante, a Capitania deverá ser consultada pelo Comandante da embarcação, pois as seguintes linhas de ação poderão ser adotadas:

b) Navios Mercantes:

EQUIPAMENTO	EMBARCAÇÃO QUE DOTA
Rádio VHF	- Pelo menos um operando
Rádio HF	- Pelo menos um operando

UNQUOTE

Please be so kind to inform if any assistance as owner's protective agents shall be necessary during her stay at Santarem port, as we would be much pleased to help with whatever necessary.

We remain at your entire disposal.

Dear Sir,

For our reference only and clarity, kindly advise whether there is any specific requirement/regulation for a passage within Amazon River that clearly requires the X-Band radar connected with the AIS. Please further advise whether there is any requirement that both radars are connected with AIS.

Thank you and awaiting yours.

Dear Ms. Foteini, good day.

Well noted yours below with thanks.

Please find attached quotation for the air conditioning supply at Fazendinha anchorage, for reference/comparison only as spoken with Capt. Kostas. Kindly also consider USD185,00 of boat hire for delivery.

Note that we have been on board in order to assess the condition and received the information that the installation will take place around 1400hrs lt. With that in mind, the following steps shall be as per below:

1. @MIM VANGELIS JR Master to gather evidence as soon as possible (videos/photos/actual temperature) of the installation and its outcome in order to confirm to Harbor Master that the matter has been solved.
2. Once installation is completed and evidence in hands, provide immediately such evidence to charterer's agents, as they are the notified party by Harbor Master, so that they may forward to Harbor Master for analysis. Meanwhile, please keep us in copy of the exchanges as we'll act from our side as well to liaise with charterer's agents to make sure that evidence is provided to Harbor Master as fast as possible.
3. After above is done, charterer's agents shall be notified again regarding her clearance for upriver transit.

Despite pilot arrangements being done by charterer's agents and clearance for the upriver transit to be provided to them, we'll follow up every step of the way in order to safeguard Owner's interests.

Post keeping.

Dear Capt. Kostas, good day.

Further to our phone conversation, please note that our boarding agent is arriving on board soon and whilst that, we are quoting with a reliable local supplier the ar conditioning supply for your reference/comparison only.

Have known from charterer's agents that vessel has been already notified by local Harbor Master about the issue with the air conditioning and will be required to rectify the issue in order to be authorized by them to start upriver passage up to Santarem. In case you or vessel already have received such notification, please share with us for better reference.

Meanwhile, we have already made contact with Harbor Master obo Owner's and informed them that photos/videos of the air conditioning rectification will be provided asap, and in view of that, got verbal information from them that it would suffice their requirements, i.e. an inspection on board would not be necessary.

Reverting with further updates.

Re : mv MIM Vangelis Jr - Due to load at Santarem

Dear Pedro good day,

Again I apologize for waking you up so early in the morning.

As discussed over the phone, the subject vessel is due to call Santarem for loading under the orders of Charterers Messrs Cargill International.

Vessel was scheduled to receive pilot at Fazedinha ps on 19.05.26 at abt 20:00 hrs lt bound to loadport.
As soon as the 2 pilots came onboard, they have checked the air-con temperature and found that same was out of the required limits, leading to their disembarkation until the air-condition temperature in the bridge and pilot cabin becomes acceptable.

Vessel is presently at no. 3 anchorage.

Charterers' nominated agents are the following:

Cargill Agricola SA, Cuiaba Av., S/N – Lote 04, Sale | Zip Code: 68040-400 | Santarem, PA | Brazil
Direct Line: +55 93 3512 2451 | AOH Mobile: +55 93 99190 0113
agencysantarem@cargill.com

You are kindly requested to visit the vessel as soon as possible as our protecting agent, in order to assist the Master/crew with all requirements and with the pilots in order to solve the matter efficiently.

Thank you in advance for the assistance and cooperation. Awaiting for your feedback.

Best Regards,

Foteini Paganeli
