Assunto: STAR VANCOUVER - discharging fertilizers Vitoria + Rio Grande

Good Day Sultrade

Our good MV Star Vancouver is coming to Vitoria + Rio Grande to discharge potash and on Time Charter to Ultimar who are responsible for all port costs.

ETA Vitoria July 09
- discharge 30330 mts

Rio Grande
- discharge 25850 mts

Captain Madali - Master of the MV Star Vancouver - please keep operations@sultrade-ag.com.br in copy on your communications with Charterers agents.

Ultimar have appointed Wilson as their protective agents at both discharge ports and the receivers have appointed World Shipping as agents.

Is there a long line up of fertilizer ships right now at Vitoria?

DADESK appointment is coming shortly.

Kind Regards
