Dear Cristian, team,

Gd day!

Kindly be informed that we have 3 cleaners on board of MV Gretke Oldendorff, ETA Paranagua on July 19th, which we would like to disembark at Paranagua roads, together with surveyors' boat, no assistance will be required at airport.

They are Ukrainian, holding biometric passport and seaman book which you will find attached.

Pls advise if you can assist with:

- sign-off formalities
- airport transfer
- hotel accommodation (if required)

I appreciate to receive a cost breakdown and what is included in the costs.

We are currently checking for flights for them, kindly adv latest Holds inspection, ETB/D to coordinate it.
