Dear Capt. Alvin
Good day

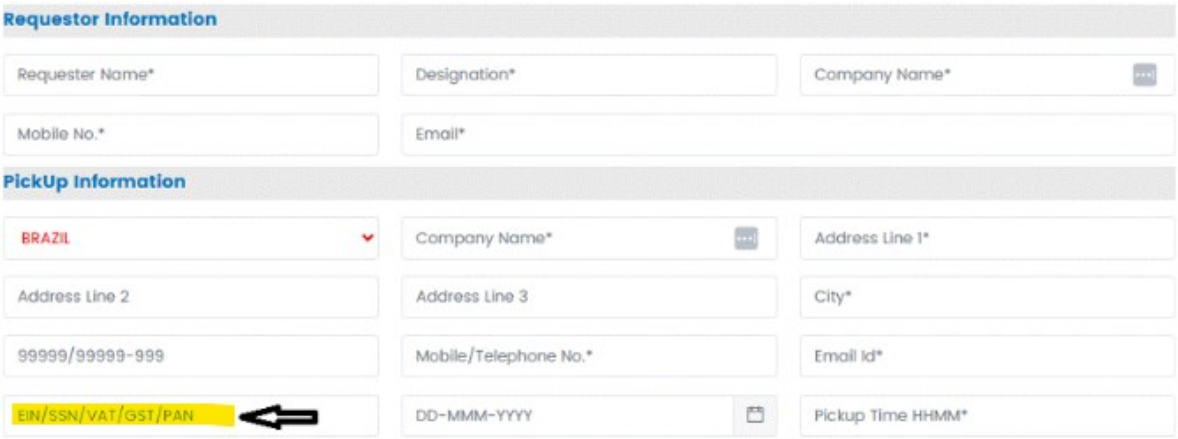

Due to local restrictions in Brazil, only agents can assist with shipping documents.

To generate sample pickup kindly instruct your agent @operations@sultradeagency.com to request shipping documents through online web sample pickup
https://samples.marlab.global/samplepickup/

Kindly fill up the information required and submit the form. You will be receiving email with all the documents needed for dispatching the shipment.

Specific codes are needed for the sample to be dispatched form Brazil.

Please enter **CNPJ number** at this field. - THIS IS MANDATORY

1) Please include the necessary paperwork (MSDS, Commercial Invoice, Authorization letter & AWB copy, Instruction form) along with the samples.
2) Contact local DHL and request for sample pickup.
Please be very particular about this as any other MSDS where information may not be relevant or incorrect may cause sample being delayed or denied being transported by air courier.

For all inquiries, please copy or contact sales@marlab.global to ensure your request is promptly handled by the assigned team member.

Best Regards
